

People knock here
when they want to come in.
Go get started,
if you're ready to begin!

This is where we sit
for breakfast, lunch, and dinner.
Look underneath
if you want to be the winner!

These sometimes make your feet stinky
by the end of the day.
But check in one,
then be on your way.

When you go to sleep,
this is where you lay.
Hurry and find the clue,
we have more to play!

When you're done your homework
and want to watch a show,
you have to ask your mom and dad,
then this is where you go.

This has some keys
but it won't open a door.
Don't stop now,
there's a whole lot more!

You have to keep food cold
or it will get yucky.
Check where we keep cold food and you
might be lucky.

When we wash your clothes,
we put them in here.
Check and you'll find
that the last clue is near!

You set a trap
and tried to catch me,
you wanted my gold
but that will not be!
Leading you around
has been my pleasure,
so I'll leave a few coins
and share some of my treasure!
